

Minutes of the Central Susquehanna Local Interagency Coordinating Council
May 24, 2007

Attendance: Jen Hipps (DCDC), Jan Salwocki (CSIU), Pegi Keller (CSIU), Lori Rabb (DCDC), Heidi Foresman, (CMSU 0-3 Service Coordinator), and Delle Moyer (C/S Head Start).

Outreach materials: At this meeting, no one saw a need to change anything and suggested going ahead with the order.

Parent/Professional Panel: The group agreed to table it for now and to discuss again in the future.

Other topics: 1) the group discussed combining meetings with Northumberland LICC. Jan cited several positives – several people attend both meetings, both groups struggle with participants (agency & parent), more effective use of resources and that the Local Task Force group meets at varying locations across the counties so it would be possible to do the same. An email will go out to all ICC members regarding this topic for feedback since many members could not attend. 2) The Ounce (0-3) and Work Sampling (3-5) tools will be required for data collection relating to federal indicators of child progress. These tools will be used beginning 2008. 3) A tentative schedule was developed for the next year – 9/27, 11/15, 1/24/2008, 3/27/2008 and 5/22/2008. 4) Mark Ishman and Frank Miller have been named by the Office of Child Development and Early Learning as Division Chiefs for Early Intervention. Jan reviewed their duties. Contact Jan or Becky for details. 5) On a quarterly basis, OCDEL will review a sampling of MDE/IFSPs and ER/IEPs from across the state. Each program will submit one record identified by OCDEL.

Meeting was adjourned.

Respectfully submitted,

Heidi Foresman

CMSU 0-3 Service Coordinator
